Sir:

In response to the Notice to Comply with Requirements for Patent Applications
Containing Nucleotide Sequence and/or Amino acid sequence disclosures mailed
February 9, 2007, please amend the application as follows:

REMARKS

In response to the aforementioned Notice, applicants contend that having thoroughly reviewed the instant application no sequence data under 37 CFR §1.821(a)(2) is present, thus, a Sequence listing is not required (*i.e.*, “[t]hose sequences containing D-amino acids are not intended to be embraced by this definition”). Therefore, Applicants respectfully request removal of said notice, and believe that the present application is now in condition for allowance. Favorable reconsideration of the application is respectfully requested.

Respectfully submitted,
